

“Spring Into Service”

22nd District Central Office

April 2009

In the Office

We are seeking qualified Volunteers on Saturdays.

It's an easy and fun way to be of service. The position includes answering the phone and selling literature at the Office in San Luis Obispo.

There are two shifts: 10AM – 1PM and 1PM - 4PM

If you could do *either* of those on a regular basis that would be great!

But even if you could only do *one or two a month* that could help as well.

At Home

Volunteers are needed to receive calls during designated days/times. For example, if you're available on Wednesdays from 5 PM to 10 PM.

When the Office is closed, calls are forwarded from the Answering Service. Your telephone number and any other information is completely confidential.

This is another easy way to be of service and give back what you've received. We suggest you talk to your sponsor before making a commitment.
